HOAGLAND LABORATORY
335 HENRY STREET
BROOKLYN, N. Y.

9 Sept., 1946.

Mr. Joshua Lederberg
Osborn Botanical Laboratory
Yale University
New Haven, Connecticut.

Dear Mr. Lederberg:

I am in my laboratory nearly every morning. My afternoon schedule is a bit confused since I spend some time at the Veterans Hospital each week, and that schedule is not at all fixed.

I shall be glad to meet and discuss with you any thing that you feel that I can be of help to you. Let me know if possible just when I can expect you so that I may be able to make plans to be here surely.

Very truly yours,

Morris L. Bakieten, M.D.
Associate Professor

MLR/p.
